4 Old items 24 & 30 to 37, have been omitted, and 10 fresh works have been included.

5 Chikmaglur under item 1 seems to be a mistake for Chikballapur, as also 'the' for 'two' against item 26.

6 The reason for the omission & for the inclusion has not been assigned by the D.S. I think additions may be allowed as necessary. As regards omissions some explanation may be needed. Put a draft enquiring why 24, & 30 to 37 have been omitted.

SIR,

With reference to your letter No.3339/Edn.27-15-14 dated 12th January 1916, and subsequent reminders, requesting information as to how far the programme of building works of the Education Department has been taken up and worked out, I have the honour to invite your attention to letter No.10511 dated 17th October 1916 from the Chief Engineer of Mysore, to your address, forwarding a statement of progress made on the Educational buildings for 1914-15 and 1915-16. It may be seen from the statement that only 14 works were taken up out of 64 works included in the programme. The expenditure incurred by the Public Works Department during the period from 1914-15 and 1915-16 are Rs.80,829 and Rs.1,32,241 respectively, against Rs.2 lakhs ordered to be provided each year in the Public Works Department Budget, vide Government Order No.406-8/Edn.208-13 dated 23rd September 1914. In this connection, I may state that for want of adequate accommodation in several places, a large number of boys and girls have remained without admission to schools. I therefore beg that the Public Works Department may be kindly ordered to give effect to the directions of Government embodied in the orders quoted above.
